Dear Dr. Green:

Delighted to speak to you this morning. Enclosed is a copy of the bibliography which I promised to send you. It remains incomplete, and I will send you a full copy when it is ready.

I also enclose an announcement of my new Center as it will appear in the upcoming (but late) ZS #8. Basically, it is an attempt to formalize the network that has built up through ZS these last years.

To the degree that you are free to talk about it, I'd like to know more about your own work in so far as it is connected with anomalous matters. As a forensic and physiological expert, my guess would be that you are involved with such matters as ELF and the physical side of these matters.

If you know of any materials I might look at that would be useful to me re my trip to see the "extraordinary" children in China, I'd appreciate knowing of them. I'm trying to get as well prepared as I can for the visit.

Hope we will stay in touch.

Sincerely,

Marcello Truzzi
